PL2

80"-150" 4K  
Ultra Short Throw Laser Cinema  
Model-PL2

Experience immersive cinematic action with the Hisense PL2 ultra short throw laser cinema, delivering breathtaking 4K visuals on an 80-150 inch screen. With a 3000:1 native contrast ratio and 2700 ANSI Lumens brightness, enjoy deeper blacks, brighter whites, and vivid, lifelike colours. The PL2's 30-watt audio output, paired with Dolby Atmos technology, creates a surround sound experience that brings every scene to life. For gamers, the PL2 offers a high refresh rate of up to 240, providing smooth, fluid motion. Auto-Low Latency Mode (ALLM) ensures lag-free gameplay for the ultimate home entertainment experience.

### 80"-150" Projection Size

Utilizing ultra short throw technology, the PL2 creates vivid, lifelike images, from 80 inches to a giant 150 inches. Just place the projector at the right distance from your wall to deliver the perfectly sized picture for your room, even in a compact space.

### Ambient Light Rejection (ALR) screen

Elevate your home entertainment with our Ambient Light Rejection (ALR) screens for projectors, designed to reject ambient light for exceptional contrast, brightness, and colour accuracy. Enjoy sharp, vivid pictures even in bright rooms, and say goodbye to reflection and eye strain. Available separately as an optional feature in 100 or 120-inch screen sizes for the ultimate cinematic experience.

### Ultra Short Throw Technology

The Hisense PL2 UST projector, with a 0.22 throw ratio, saves space with its close-to-wall placement. It offers easy setup with minimal cabling and provides bright, clear images even in well-lit rooms. Additionally, it eliminates shadows, ensuring that people walking in front of the screen won't cast distractions, creating a more immersive viewing experience.

### Auto Geometric Calibration

The Auto Geometric Calibration feature simplifies image alignment, ensuring that setting up and positioning the PL2 is effortless and hassle-free.

### 3000:1 Native Contrast

Embrace the power of a 3000:1 native contrast. Deeper blacks, brighter whites—unlocking a super-wide contrast range that unveils ultimate black and white performance, ensuring subtle nuances during transitions.

### 2700 ANSI Lumens Brightness

Transform your home entertainment with the Hisense 4K Laser Cinema PL2's 2700 ANSI Lumens brightness. This feature delivers a bright, vivid, and colourful viewing experience, making every movie night, gaming session, and TV show truly unforgettable.

### 30 watts of Audio Output Power with Dolby Atmos Technology

Enjoy immersive sound with the PL2's built-in 30-watt audio output power, featuring 2 front-firing and up-firing speakers. Paired with Dolby Atmos technology, it delivers every auditory detail, bringing a theater-like experience to your living room.

### Game Mode with Auto Low Latency Mode

Take your gaming to the next level with the PL2's game mode. It offers an impressive refresh rate of up to HSR 240, ensuring fluid motion and sharp visuals for an immersive experience. The Auto-Low Latency Mode (ALLM) detects when your gaming console is on and automatically adjusts the projector settings, providing you with seamless, lag-free gameplay.
