

LOREX[®] 2K EIGHT CHANNEL NETWORK VIDEO RECORDER

Secure and Reliable Video Storage

The Lorex 2K Eight Channel NVR provides clear resolution and reliable video storage for your wire-free cameras. Compact in design, you'll be able to set up and place this recorder anywhere in your home. Local storage means no monthly fees - microSD or HDD local storage options means ample storage for your video footage. Using the Lorex Cirrus App, allows you to easily monitor your property from anywhere.

Local Storage – No Monthly Fees

Keep your footage private and secure

- Recorded events are easy to access from your recorder
- H.265 video compression maximizes video storage and enables improved remote connectivity

Installation Made Easy

Quick and easy set up

- Without the need to run wires to the cameras, installation becomes easier and faster
- Connect up to 8 Lorex wire-free cameras (U424AA Series) wirelessly to the recorder with a simple setup process²
- Built-in mic and speaker allows you to listen and speak to visitors with Two-Way Talk

Home is Where the Smart Is

Enjoy the convenience of smart home compatibility with voice control

- Quickly view with simple voice commands, compatible with Google Assistant⁴
- View your system remotely with the Lorex Cirrus app for iOS/Android and Lorex Client 13 for Windows/macOS

Resolution You Can Look Up To

Experience high quality video resolution

- See more detail with 2K resolution video¹
- With Person Detection get notifications when some one is on your property
- The Active Deterrence Cameras feature a warning light that can be set-up to automatically illuminate during general motion events or can be manually activated

Package Dimensions (W × D × H)	11.8 × 3.9 × 9.5" / 300 × 99 × 241mm
Package Cube	0.25cbf / 0.007cbm

Back Panel

8 channel model

What's in the box

1 × NVR

1 × HDMI Cable

1 × Ethernet cable

1 × Power Adapter

1 × USB Mouse

Quick Setup Guide

Disclaimers:

1. HDMI output (2560 × 1440) HD for high definition multi-channel live viewing only. 2K recording resolution is limited to a maximum of 2560 × 1440 per channel. Image quality and frame rate are dependent on the distance and types/locations of objects between the camera and the recorder.
2. Compatible with certain Lorex wire-free cameras only. For a list of compatible cameras please visit www.lorex.com/compatibility Recording time may vary based on recording resolution and quality, lighting conditions and movement in the scene.
3. The recorder comes pre-installed with either a non-upgradable 2.5" SATA Hard Disk Drive or a microSD card which can be upgraded to a maximum of 256GB (Class 10 or higher). Recording time may vary based on recording resolution and quality, lighting conditions and movement in the scene
4. Controlling certain features in your security system requires a compatible smart device. Availability and performance of certain features and services are smart device dependent and may not be available in all areas or networks. For compatibility, features, instructions visit: www.lorex.com/smarthome
5. Accessing your security system remotely requires a high-speed Internet connection. Ensure your recorder has a wired connection to a router (not included). An upload speed of 3.5Mbps is recommended for optimal video performance. Up to 3 devices may connect to the system at the same time. For the latest list of supported apps and devices, please visit www.lorex.com/compatibility
