PHILIPS

NORELCO

Wet & Dry electric shaver

Shaver series 7000

Nano SkinGlide Coating

SteelPrecision blades

Motion Control sensor

360-D Flexing heads

S7887/82

Close shave, advanced skin protection

with SenseIQ Technology

The Philips Norelco Series 7000 glides smoothly over your skin, while cutting each hair close - even on 3-day beards. Equipped with SenseIQ technology, the shaver senses, adapts and guides on the correct motion, for better skin protection.

A close shave
- Powerful performance in every pass
- Adjusts to your facial contour for optimal skin contact

A powerful shave
- Engineered for precision and cutting efficiency

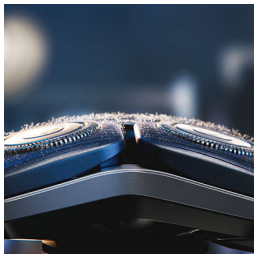

SkinIQ technology
- Reduces friction on skin to minimize irritation
- Enhanced shaving experience with app
- Adjusts to your beard for effortless shaving
- Guides you to an improved technique with fewer passes

For a convenient shave
- Up to 60 minutes of cordless shaving when fully charged
- 1-hour charging time and 5-min quick charge

Sustainability

Highlights

Nano SkinGlide coating

A protective coating lies between the shaver heads and your skin. Made of up to 250.000 micro-tech beads per square centimetre, improves gliding on skin by up to 30%***, to minimize irritation.

SteelPrecision blades

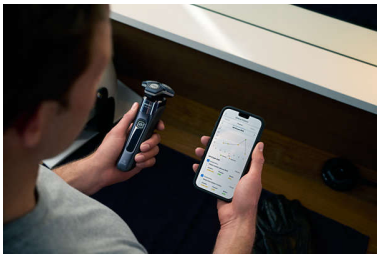

With up to 90.000 cutting actions per minute, the SteelPrecision blades shave close, cutting more hair per stroke*. The 45 high-performance blades are self-sharpening and made in Europe.

Motion Control sensor

Motion-sensing technology tracks how you shave and guides you to a more efficient technique. After just three shaves, the majority of men achieved a better shaving technique for fewer passes****.

Personalization via app

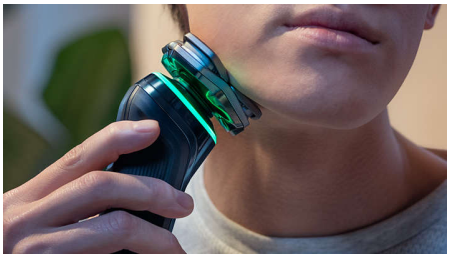

Perfect your shave by pairing your shaver with the Daily Care app. Shave by shave, track the progress of your skin, personalize your shave and master your technique for a shave that's as close as it is kind to skin.

Smart Hair sensor

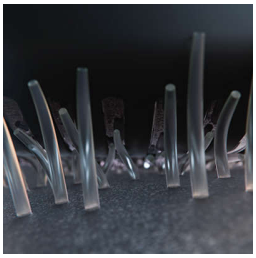

The intelligent facial-hair sensor reads hair density 250 times per second. The technology dynamically auto-adapts cutting power for an effortless and gentle shave.

360-D Flexing heads

Fully flexible heads turn 360° to follow your facial contours. Experience optimal skin contact for a thorough and comfortable shave.

Hair-Guide Precision heads

The new shape of the shaving heads is engineered for precision. The surface is enhanced with hair guiding channels, designed to move hair into an effective cutting position.

One-touch open

Clean the shaver with ease. At the touch of a button, flip open the shaver head and rinse with water.

Wet & Dry

Adapt your shaving routine to your needs. With Wet & Dry, you can go for a comfortable dry shave or a refreshing wet shave. You can shave with gel or foam even under the shower.

Pop-up trimmer

Complete your look using the shaver's pop-up precision trimmer. Integrated into the shaver's body, it's the perfect way to maintain a mustache and trim sideburns.

60 minutes of cordless shaving

Shave cordlessly for up to 60 minutes after one full battery charge.

1-hour charging time

Charge your shaver fully in just 1 hour with the powerful and energy efficient lithium-ion battery. In a hurry? Plug in your shaver for 5 minutes and get enough power for 1 full shave.

Specifications

Shaving Performance
Contour following: 360-D Flexing heads
Shaving system: SteelPrecision blades
SenseIQ technology: Nano SkinGlide coating, Motion Control sensor, Power Adapt sensor

Ease of use
Display: LED display, Battery level indicator, Motion control indicator, Travel lock
Cleaning: One-touch open, Fully washable
